*Wedding Guide: **Summer 2015-Spring 2016***

Dear Prospective Bride & Groom,

We are honored that you are considering Los Rios Rancho and the Riley family, to host the day that will signify the beginning of your life together.

Historic Los Rios Rancho, operating since 1906, consists of 325 acres and 8,000 producing Apple Trees. Of all the apple farms in Southern California, Los Rios is the largest, and significantly enough, the only one that offers it's self as a wedding facility.

All of our services and offerings come with the experience of over 23 years in the business of event planning and coordination by Devon and Shelli Riley, operators of Riley's at Los Rios Ranch and founding members of the Riley family in Oak Glen. The Riley Family understands the importance of the atmosphere that your wedding presents to your guests, and how that represents you. We personally commit ourselves to providing a nostalgic environment that will garnish your wedding day with rustic charm.

We personally believe that marriage is a bond ordained by God to be a sacred union between man and Woman. It is designed with the purpose for two souls to live blameless in communion with one another, and to dedicate their lives to the honoring and uplifting of each other in right and just ways.

May your celebration be one of Good cheer and sweet memories.
Congratulations and Happy Planning.

Rebekah Riley,
and Los Rios Staff
